I'm Cynthia Anne Ramali, a Data Science student at BINUS University with a strong passion for data-driven problem-solving, analytics, and machine learning. I enjoy uncovering insights from data, learning new tools and techniques, and exploring how data science can be applied to real-world challenges. I'm also enthusiastic about collaborating on projects that help me grow both technically and professionally in the field of data science. I'm currently looking for opportunities as a Data Scientist, Data Engineer, or Data Analyst to apply my skills and contribute to data-driven solutions.
