I'm Cynthia Anne Ramali, a BINUS University Data Science student passionate about analytics, machine learning, and data-driven problem-solving. I enjoy uncovering insights, mastering new tools, and exploring how data science addresses real-world challenges. Eager to collaborate and grow technically, I am currently seeking opportunities as a Data Scientist, Data Engineer, or Data Analyst to contribute to impactful, data-driven solutions.

EDUCATION

Bina Nusantara University - Jakarta, Indonesia <i>Bachelor of Data Science, 3.51/4.00</i>	Aug 2023 - Dec 2027 (Expected)
Karangturi National High School - Semarang, Indonesia <i>Senior High School</i>	Jul 2020 - May 2023

WORK EXPERIENCE

PT SMART Tbk. - Jakarta, Indonesia <i>Project Management Officer Intern for S4 HANA</i>	Feb 2026 - Present
- Replaced slow, manual tracking and schedule recapitulation processes by designing automated workflows to maximize team efficiency. - Transformed unorganized project data into clear, structured visual reports and progress graphs to support the project in monitoring timeline deviations. - Managed daily meetings and tasks across all workstreams to ensure seamless communication and alignment between the S4 project team and business users.
